Violence, War, Magic & the Supernatural

The fictional worlds of Rifts® are violent, deadly and filled with aliens, war and supernatural monsters. Other-dimensional beings often referred to as “demons,” torment, stalk and prey on humans. Alien life forms, monsters, vampires, ghosts, ancient gods and demigods, as well as magic, insanity, psychic powers and combat are all elements in this book. All of it is fiction.

Some parents may find the violence, magic and supernatural elements of the game inappropriate for young readers/players. We suggest parental discretion.

Please note that none of us at Palladium Books® condone or encourage the occult, the practice of magic, the use of drugs, or violence.

An epic sourcebook for the Rifts® series.
Compatible with the entire Palladium Books® Megaverse®
Dedication from Greg

To Jenn, my best friend, my wife, who despite her significant disdain for my hobby, did the best she could to support my work and offered her support and encouragement in any way!
To my three boys Caleb, Joshua and Noah who love to eat junk food and play with my coloured dice at our gaming nights.
To Harry, my hero and above all else my father! His words of encouragement, support and understanding even transcend the bonds of father and son.
To my gaming buddies who not only game with me on a regular basis, but were equally excited and enthusiastic about play testing and gaming with the Rifts® Lemuria material for the first time! Dennie Lutes (also my proofreader and concept check guy), Eric Lanctot (also my content check guy), Martin Scaliano, Chris Salter and Ryan McConanchie.
And last, but not least to Kevin, for creating a gaming system that has entertained me for nearly two decades, fighting with every last breath to keep Palladium Books alive and for offering a bunch of freelancers (myself included) the opportunity to make our own contribution to his work!

– Greg Diaczyk

Special Dedication

To G.A.M.E., Visioncon and Joe W. Ryan for their dedication to the role-playing game hobby and passion for Palladium Books and all things gaming. May they all prosper and game on.

– Kevin Siembieda

The cover, by John Zeleznik, depicts a Lemurian floating city nestled on the floor of an ocean or sea. A surface dwelling visitor to Lemuria rides a Mega-Ray, while a couple of Lemurian allies known as Merans scout the perimeter.
